WE DID IT!

Congrats to the orchestra for two splendid concerts in the topic "From Stage to Screen" (the write up of the first being available here here.) The second concert was an excellent opportunity to get to know the folk of Bramshaw, to where we recently located our rehearsal venue, with a free concert followed by food and drink, supplied by the orchestra, for the audience and players to share.

June Row was on hand to take some great photos, take a look on the front page and in the gallery.

This week, being half term, is a fun rehearsal, with a social event for the players, before we start rehearsals next week of our new programme.
