

Before there was NetFlix there was colour TV, and before colour TV there was black-and-white TV, and before that there was ... Saturday Morning Cinema, famously populated by the [Republic Serials](#): [The Lone Ranger](#), [Zorro](#), King of the Rocket Men etc. Those of a certain age might wonder why Listz's Les Preludes reminds them of ice cream and the clicker-clack of a projector. If so, click [here](#) to find out why.
