

Music for 1st March 2020

There are **2 pieces of music to download from IMSLP** for this concert. The other 4 pieces will be distributed to players at the rehearsals, by Carol, June or Pam, so please see one of them if you need music.

Links to recordings of all the pieces we will be playing can be found below at the bottom of this document, so that you can play along if you wish, or just listen.

Pieces to Download:

1. Schubert Symphony no.4

[https://imslp.org/wiki/Symphony_No.4,_D.417_\(Schubert,_Franz\)](https://imslp.org/wiki/Symphony_No.4,_D.417_(Schubert,_Franz))

Once on this page, you will need to print your instrument's part for the piece, which is to be found under 'sheet music', then click on 'parts' and they are listed, starting with the flutes.

NB: The correct Violin II part to print is lower down the page, entitled 'Violin II with bar numbers'.

Note that for trumpets and horns the parts are in various keys, but **there is an option to print transposed parts for the trumpets, all in Bb**, found by scrolling down towards the bottom of the page.

If you have any problems printing your part off, please either ask your section leader for help, or ask Pam or Sian.

For those who have not downloaded from IMSLP before, there is a 15 second countdown after you click on the instrument part you wish to download. After this delay, click on 'click here to download', which is near the top of the page. You can then print off the music

2. Dvorak Slavonic Dance op72 no2

[https://imslp.org/wiki/Slavonic_Dances%2C_Op.72_\(Dvo%25%99%C3%A1k%2C_Anton%C3%ADn\)](https://imslp.org/wiki/Slavonic_Dances%2C_Op.72_(Dvo%25%99%C3%A1k%2C_Anton%C3%ADn))

Some of you may still have your IMSLP copies of this piece at home, as we have played it before. If you plan to print it, then as above, scroll down to 'Sheet Music', click on 'parts', and click on the instrument that you wish to print off. **NB: We are only playing dance no 2, so no need to print the whole lot!!**
